ONTOLOGY HIERARCHIES

	K	L	M	N	O	P	Q	R	S	T
6										
7								Renin Secretion SubClasses		
8								Renin secretion into blood stream		
9							Proten_Secretion SubClasses	Renal_response SubClasses	Signal_Release SubClasses	
10							Protein secretion	renal response to blood flow	Signal release	
11							Establishment_of_protein_SubClaesss	Regulation_of_systemic arterial_blood_1SubClasses	cell_cell_signaling_subClasses	Secrition_Cell_SUvbClasses
12							establishment of protein localization to	regulation of systemic arterial blood	cell-cell signaling	secretion by cell
13										
14								regulation_of_systemic_arterial_blood_2SubClasses	Cell_communication_SubClasses	Export_From_the_cell subclasses
15							Protain Localization Subclasess	regulation of systemic arterial blood 2	Cell communcation	export from the cell
16							establishment of protein localization			
17								regulation_of_systemic_arterial_blood_3SubClasses	signaling_subclasses	Transport_Subclasses
18						Establishment_of_localization	Protein_localization_SubClasses	regulation of systemic arterial blood 3	signaling	Transport
19						localization	cellular macromecule localization			
20								regulation_of_systemic_arterial_blood_4SubClasses	Cellular_Process_SUbClasses	Establishment_of_Localization_subClasses
21							Cellular_localization_SubClasses	regulation of systemic arterial blood 4	cellular process	localization
22							cellular localization			
23							Cellular_Process_Localization	regulation_of_blood_pressureSubClasses		
24							cellular process	regulation of blood pressure		
25										
26							Macromolecule_localization	blood_circulationSubClasses		
27							localization	blood circulation		
28										
29								regulation_of_biological_guality_regulationSubClasses		
30							Protein_Localization_subClasses	biological regulation		
31							protein localization to etracellular			
32								endorcine_processSubClasses		
33							Cellular_macromecule_localization_SubClasses	endorcine process		
34							localization			
35								system_process_multicellular_organismal_processSubClasses		
36							##	multiculluar organismal process		
37										
38							Protein_Transport_SubClasses	##...		
39							protein transport			
40								renal_system_process__involove_inSubClasses		
41							establishment of protein	renal system process involve in		
42										
43						Establishment_of_localization	Protein_localization_SubClasses	regulation_of_systemic_arterial_blood_4SubClasses		
44						localization	protein localization	regulation of systemic arterial blood 4		
45										
46							Cellular_localization_SubClasses	regulation_of_blood_pressureSubClasses		
47							cellular localization	regulation of blood pressure		
48										
49							Cellular_Process_Localization	blood_circulationSubClasses		
50							cellular process	blood circulation		
51										
52							Macromolecule_localization	regulation_of_biological_guality_regulationSubClasses		
53							macromolecule localization	biological regulation		
54										
55							Cellular_macromecule_localization_SubClasses	renal_system_processSubClasses		
56							localization	system process		
57							##			
58								multicellular_organsimal_processSubClasses		
59							Secrtion_by_cell_SubClassess	multicellular organismal process		
60							secretion by cell			
61							Export_From_the_cell_subclasses			
63							export from the cell			
64										
65						Cellular_process_SubCLassess	Transport_Subclasses			
66						localization	transport			
67										
68							Establishment_of_Localization_subClasses			
69							localization			
70
